JUST CHARGE IT

Charging the speaker is so easy you've probably figured it out by now, but just in case, you've got two options: you can charge it using your computer or a wall outlet. The Clip-It needs about 3 hours for up to 4 hours of party time.

1. The cord that came with the speaker — the one with the USB on one end and the micro USB on the other — will work with your computer.
2. If you want to use the wall outlet, you'll need to pick up a power cord with a micro USB the next time you're at the store, or use any USB AC adaptor, including the one for your cell phone.

CONTROL YOUR DESTINY ... OR AT LEAST YOUR SPEAKER

1. That's the power button.
2. Turn the music up or jam on to the next song.
3. Push it to play, push it again to pause.
4. Turn the music down or skip back a track.
5. Shows you when *Bluetooth* is connected.
6. The power cord goes here.
7. Check how much juice is in the battery.
8. Clip it on and go!
9. Stand.

BLUETOOTH® CONNECTION – IT'S A SETUP

Like any amazing couple, this one starts with a connection — one between your device and the speaker's *Bluetooth*. Here's how it works:

1. Make sure the smartphone, tablet, or computer you're using with the speaker has *Bluetooth*.
2. Turn on the speaker and look for the little blinking light.
3. Do whatever your device needs you to do on its end.
4. Look for HMDX Clip-It in your device's *Bluetooth* list or click YES.
5. Now hit PLAY on your speaker and crank it up—or down if you're lame.

The device and *Bluetooth* will find each other every time as long as the speaker is set to *Bluetooth* and your device's *Bluetooth* is, you know, on.

Continued on page 2.

BLUETOOTH® CONNECTION, CONTINUED

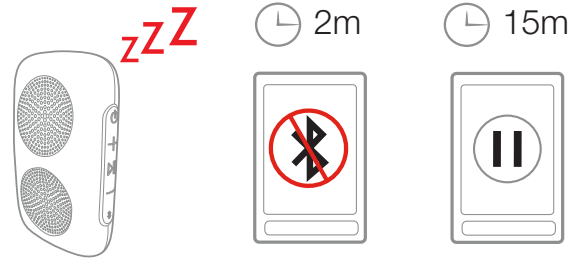

If you're connecting to a computer, you may have some extra steps on that end. You'll have to get that information from the computer company.

Depending on your device, you may be prompted to enter a pairing code. If prompted enter "0000" as the code.

To disable pairing of an existing device and pair a new device, press and hold the + and - buttons for 5 seconds to activate pairing mode.

Note: If you turn on your Clip-It but haven't started the party yet, it will automatically power off after 2 minutes of unpaired inactivity.

Note: Once you've paired, if you pause the party for 15 minutes or more, the Clip-It will automatically shut off to preserve battery power.

HELLO? SPEAKERPHONE? YES!

When friends call asking to join the party — and you know they will—answer the phone without disconnecting from your HMDX Clip-It. Yes, that's right. Your speaker is a speakerphone too. How amazing is that? Here's how it works:

1. Make sure your phone and speaker are connected through Bluetooth.
2. Answering and ending a call works the same way: simply click the PLAY/PAUSE button on your Clip-It.

3. If you'd rather not talk, hold down the PLAY/PAUSE button on your Clip-It for 3 seconds to ignore the call.

THE COOLEST PART: The Clip-It knows when a call is coming in and pauses the music before ringing. When you hang up, the music starts where it left off — and so does the party. If it's you making the call, just start dialing from your phone, and the Clip-It automatically does its hands-free thing. Isn't it refreshing to know your speaker totally gets you?

Check out the chart below for a complete guide on handling calls with your Clip-It.

Situation	Short Press Play/Pause Button	Long Press Play/Pause Button
1 st Incoming call	Pick up call	Reject call
On call	End call	Move call from speaker to device
2 nd Incoming call	Call 1 on hold, pick up call 2	Reject call 2
Both calls active	Hang up call 1, switch to call 2	Switch between 1 st call and 2 nd call

LITTLE BIT OF WATER?

No worries. The smart folks who made this speaker designed it to keep the party going through just about anything (they call it IPX4). But those designers aren't miracle workers. Doing something like sending your speaker for a swim in the deep end will fill those holes you need for incredible sound with water. Remember to keep the back flap flush with the speaker for the best protection.

COMING CLEAN

A soft, dry towel is all you need to clean off your speaker. Using water, harsh cleaners, or anything else only starts messing with the mechanics inside. So, yeah, don't do it.

1 YEAR LIMITED WARRANTY

For detailed warranty instructions and information visit:
 USA: www.hmdxaudio.com/customer-support/warranty-1yr

To obtain warranty service on your HMDX product, contact a Consumer Relations representative by telephone or email for assistance (you can find their contact info on page 1). Please make sure to have the model number of the product available.

STUFF THE GOVERNMENT MAKES US SAY

FCC Disclaimer:

Note: This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses, and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on,

the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Note: Changes or modifications not expressly approved by HMDX could void the user's authority to operate this equipment.

IC Caution: RSS-GEN Issue 4 November 2014

This device complies with Industry Canada's licence-exempt RSSs.

Operation is subject to the following two conditions: (1) This device may not cause interference, and (2) This device must accept any interference, including interference that may cause undesired operation of the device.

STUFF OUR LAWYERS MAKE US SAY

IMPORTANT SAFEGUARDS:

When using an electrical product, basic precautions should always be followed, including the following:

READ ALL INSTRUCTIONS BEFORE USING

- **WARNING:** Do not place speakers too close to ears. May cause damage to eardrums, especially in young children.
- Use this product only for its intended use as described in this manual. Do not use attachments not recommended by HMDX.
- HMDX is not liable for any damage caused to smartphones, iPod/MP3 players, or any other device.
- Do not place or store this product where it can fall or be dropped into a tub or sink.
- Do not place or drop into water or any other liquid.
- Not for use by children. **THIS IS NOT A TOY.**
- Never operate this product if it has a damaged cord, plug, cable, or housing.
- Keep away from heated surfaces.
- Only set on dry surfaces. Do not place on surface wet from water or cleaning solvents.

Attention California Residents:

WARNING: This product contains chemicals known to the State of California to cause cancer, birth defects, and other reproductive harm.

A MESSAGE FROM THE ENVIRONMENT

WARNING:

This product has an internal, non-replaceable lithium battery. Please dispose in accordance with your local, state, province, and country guidelines.

This product contains small parts that may present a choking hazard for young children.

CAUTION: All servicing of this product must be performed by authorized HMDX Audio Service Personnel only.
